TEACHERS' DAY AT FIS

Freedom International School celebrated Teachers' Day with great fervour and warmth, honouring its teachers' dedication, guidance and invaluable contributions. The celebration was filled with gratitude, joy and heartfelt appreciation for the mentors who inspire young minds and shape their futures. Students expressed their appreciation through special performances, creative presentations and thoughtful gestures, making the occasion memorable for every teacher.

A thrilling friendly cricket match between students and teachers added excitement to the Teachers' Day celebrations. With the scores tied, the match went into a nail-biting Super Over, where the teachers emerged victorious! The day concluded on a cheerful note, celebrating the spirit of teaching and the strong bond shared between teachers and students.

TEACHING AND LEARNING KNOWS NO BOUNDARIES

We are thrilled to share a moment of immense pride for our institution! Our Chemistry faculty member, Ms. Divya Bhat was officially selected to teach in the prestigious "In Person Academic Support Classes 2026" initiative.

Organized by the School Education Department, UT Ladakh, in collaboration with CBSE and DIET Leh. This high-impact remedial program is designed to prepare Class 10th and 12th students for their upcoming 2026 Board Examinations.

Sharing her excitement and vision for the program, **Ms. Divya Bhat** says:

I had the wonderful opportunity to travel to the Union Territory of Ladakh for a week as a CBSE Subject Expert, conducting Academic Support Classes for Grade 12 Chemistry students. I was assigned the Government Higher Secondary School, Diskit, in the breathtaking Nubra Valley. While the landscape of Ladakh was striking in its beauty, it was the warmth of the people and the enthusiasm of the students that made this experience truly memorable. From the moment I stepped into the school, I was greeted with open arms and genuine hospitality. The students and teachers were incredibly welcoming, making me feel at home despite being miles away from my own. The students came to the classes with a sincere willingness to learn, participate and improve. Their curiosity and determination were evident in their questions and their eagerness to understand concepts better.

One of the challenges was the language barrier. Communicating complex scientific concepts and ensuring that every student understood them required patience, creativity and sometimes a little bit of improvisation. Yet, what stood out was the students' willingness to overcome this challenge. They listened carefully, asked questions, sought clarification and kept trying. Their readiness to learn was far greater than the barriers they faced. Teaching in such a setting reminded me that education is not confined by geography, language or circumstances. A classroom may look different, the surroundings may be unfamiliar and the challenges may vary, but the desire to learn remains universal.

The CBSE initiative to extend academic support to students in remote and geographically challenging regions is a meaningful step towards making quality educational opportunities more accessible. Initiatives such as these have the potential to make a lasting difference in the academic journeys and future aspirations of students who may otherwise have limited access to such academic support.

The week at Diskit was therefore much more than an academic assignment. It was an opportunity to share knowledge, learn from a different educational environment and experience the resilience and warmth of the students and teachers of the Nubra Valley.

I returned with a renewed appreciation for the privilege of being a teacher—and with the comforting realisation that sometimes, while we travel to teach, we end up learning just as much ourselves.

FEATHERS IN OUR CAP

We are extremely proud to share that our FIS Basketball Teams have made us all proud!
🥇 CHAMPIONS
Grade
- 12 and below Boys Team

- 9 and below Boys Team

🥈 RUNNERS-UP
- 7 and below Boys Team

Our boys played exceptionally well with great spirit, discipline, and teamwork. We are so proud of each one of you!
Well played, boys! 🏀🤗

We're very proud to announce that FIS has won
3rd 🥉 place in the Group Dance Competition and
2nd 🥈 place in the Choir Competition held at Baldwin International School.

A proud moment for our Grade 12 & Below Boys' Football Team as they finished Runners-Up in the GJR International School Tournament! 👏 Congratulations to the entire team for their fantastic effort! 💪⚽
Abhishek of Grade 12 was awarded the BEST GOALKEEPER of the tournament ✨🔥

A FESTIVE SPIRIT AT FIS

Freedom International School came alive with colour, devotion, and joy as students celebrated Janmashtami and Ganesh Chaturthi with great enthusiasm. The celebrations beautifully showcased India's rich cultural roots capturing its profound heritage through lively artistic performances and vibrant cultural activities. The young learners embraced the spirit of each occasion through dance, music, devotional presentations and creative expressions, bringing the stories and traditions of Lord Krishna and Lord Ganesha to life. The Kindergarten students added a special charm to the celebrations as they dressed up as Lord Krishna and Radha, looking adorable in their colourful traditional attire.
